*Subject Special Technical Scholarsh

The DPI recommends that a Schola
ship of Rs 10 a month for 2 years
from the 1st January 1908 may be
granted to Mr S Gopal Krishna Ra
a Mysore student studying in the
Victoria Jubilee Technical Institute Bombay

Note

These are not scholarships granted regular
every year

on the special recommendation of the
DPI such scholarships have been sanct
only in a few cases In each case the
provision available under other heads
(such as provision for agricultural &
other scholarships) has been utilised

The DPI refers to the two recent cases
in which a scholarship of Rs 10 each
was sanctioned from the provision
(unutilised) for agricultural scholar-
-ships

The present recommendation
is on behalf of a Mysore student who

who has already passed the first annual Examination in the Institute in Bombay. The student requires the scholarship only for two years from the 1st January 1903. The amount of the scholarship is Rs 10 per mensem and it is proposed to be met from the provision of Rs 60 available in the budget, the two Engineering scholarships of the year at Rs 30 each not having been availed of.

SIR,

I have the honour to inform you that D Y Sanada Rao has applied for a scholarship to enable him to study Mechanical Engineering in the Victoria Jubilee Technical Institute, Bombay. He has undergone a course of training in drawing etc for a period of 15 months in the Rai Bahadur Arcot Narainswamy Mudaliars School Bangalore and is now attending the work shop of the Sitaraghatta water works. He appears to be an intelligent young man

and represents that he is unable to go to Bombay without Government help.

Under these circumstances I recommend that Government may be pleased to sanction for him a scholarship of Rs 10 a month from 1st January 1903 tenable for 3 years in the Victoria Jubilee Institute of Bombay. The cost may be met from the second of the two Agricultural scholarships of this year which have not been availed of and of which one has been already recommended to be given to a Mysore Student in Bombay pursuing a similar course of study in my letter No $\frac{3289}{102}$ of 15 October 1902. The tenure of the scholarship will be subject to the usual Conditions of his passing the prescribed examinations and earning good reports of Conduct and attendance.

I have the honour to be
Sir
Your most obedient servant

the F A Course and also passed the First Annual Examination of the Institute held in December 1902, to enable him to complete his course at the Institute The Student states that without the help of Government he will not be able to prosecute his studies

2- Neither of the two Engineering Scholarships each of Rs 30 sanctioned by Order No 9467-D/0220 dated 6 December 1902 has been awarded of, one of the scholars having failed in the admission examination of the Engineering College and the other having failed to pay the admission fee. × Those papers are now before us

3 Under these circumstances I recommend that from the savings of the Two Engineering scholarships a scholarship of Rs 10 a month may be granted to M G. Gopalakrishna Rao for a period of two years commencing from 1st January 1903 in the Pure and Applied Chemistry Class of the Institute of Bombay

under the usual conditions of his passing
periodical Examinations and earning
favourable reports of conduct and progress
